Prayer List

Basolo Family Update: **Becca**, former member, had successful 10-hour surgery recently to remove multiple areas of Cancer that was found. She will now have a Colostomy bag and will also have to undergo Chemotherapy. She is now at home. Prayers for **Becca** and the family as they go through this transition; and for **Becca's** overall health.

Larry Henry former member, had emergency surgery last Sunday in South Carolina to fix an obstructed bowel; all went well and he is recovering. Prayers for **Larry's** full recovery & overall health.

Andy Payson's Update: grandson, **Gabe**, this last treatment did NOT kill the Philadelphia Chromosome. They will now move forward with Carr T Cell Therapy (*trial phase for Gabe's cancer*). **Gabe** will go through another round of Chemotherapy & Immunotherapy as he waits for his "trained" T Cell's to be readied for transfusion and keep his cancer from growing. Transplant is put on hold. Continued prayers for **Gabe**, his family, & his medical team.

Sheila Robertson Update: prayers for a miracle for her sister's husband, **Frank**— for all the cancer to be removed from his body. Prayers for **Frank & his family**.

Debbie Tozser Update: her brother, **Gary**, is not doing well at this time. Continued prayers are requested for his healing & comfort. Also, prayers requested for her father, who is 92yrs. Old, as he is having some health issues.

Maureen Williams continued prayers requested for her as she is experiencing problems with her COPD. Prayers for her overall health to improve.

The Wilson's prayers requested for their brother-in-law, **Steve Nesary**. He is at home now and gradually improving. The doctor thinks he could recover enough to where no one will even know he had a stroke. Continued prayers for his full recovery.

Sympathy & Prayers for **Sheila Robertson** on the loss of her **Uncle Jimmy** recently. Prayers for comfort & strength during this difficult time for her & the family.

"I want to express my heartfelt gratitude to all my brother & sisters for their support during this challenging time. Becca's 10-hour surgery was successfully completed. Unfortunately, the doctors found Ovarian cancer, Colon Cancer, & Liver Cancer. Despite the daunting diagnosis, they are confident that they removed it all. There were some unexpected procedures during the surgery that will extend her healing time. Becca will undergo Chemotherapy as a precaution to ensure all Cancer cells are eradicated. We have set up a Go Fund Me Page (Becca Basolo) to help with additional expenses. Your prayers mean everything to us, and I'm deeply thankful for each one of you! Please don't feel obligated, prayers were answered and that alone was enough!"

~ Domenick Basolo
